Overview of the Induction Program

Every new journey has a greater chance of success when it begins with proper guidance and inspiration.

The primary objective of this programme is to familiarize the newly admitted students with the college's academic environment, teaching-learning methods, institutional values, academic processes, various activities, available facilities, and student support services.

A one-week student induction program should help new students transition smoothly into college life, understand academic expectations, build friendships, and become familiar with campus resources. The key is to balance information sessions with engaging, interactive activities.

Virtual Tour of the College

A Virtual Tour of the College was conducted as part of the Student Induction Programme to acquaint newly admitted students with the institution. The session provided an overview of Charutar Vidya Mandal (CVM), its vision, educational contributions, and the legacy of Sardar Patel University (SPU).

Students were also introduced to the college infrastructure and facilities, including classrooms, laboratories, library, computer lab, sports facilities, canteen, and student support services such as the mentoring system, placement cell, NSS, NCC, and grievance redressal mechanisms. The programme helped students become familiar with the campus, its academic environment, and the opportunities available for their overall development.

About the Internal Quality Assurance Cell (IQAC)

The students were introduced to the Internal Quality Assurance Cell (IQAC), which plays a pivotal role in promoting and sustaining quality in all academic and administrative activities of the institution. The session familiarized students with the objectives, functions, and initiatives undertaken by the IQAC to ensure continuous improvement in teaching-learning processes, research, extension activities, and student support services.

Students were informed about the various quality enhancement measures implemented

by the institution, including feedback mechanisms, academic audits, skill development programmes, and best practices. The session helped them understand the institution's commitment to excellence and encouraged their active participation in quality-related initiatives for their overall academic and personal development.

Introduction to Departments, Various Clubs and Their Activities

As part of the induction programme, students were provided with a comprehensive introduction to the various academic departments of the institution. Faculty members acquainted them with the courses offered, departmental facilities, academic opportunities, and career prospects associated with their respective disciplines.

Students were also introduced to the different clubs and committees functioning within the college, such as fine arts, performing arts, literary, sports, environmental, entrepreneurship, NSS, NCC and other student-led clubs. Information regarding the objectives, activities, and achievements of these clubs was shared to encourage active participation beyond academics. The session highlighted the importance of co-curricular and extracurricular engagement in developing leadership qualities, teamwork, creativity, communication skills, and social responsibility. Students were motivated to join clubs of their interest and make the most of the diverse opportunities available on campus.

Cultural Activities and Games by seniors

As a part of the Student Induction Programme, Cultural Activities and Games by Seniors were organized to warmly welcome the newly admitted students and help them feel comfortable in their new environment. Senior students conducted a variety of fun games, interactive activities, and cultural performances that encouraged participation, teamwork, and communication among the newcomers.

The event provided an excellent opportunity for fresher's to interact with their seniors in a friendly atmosphere, build new friendships, and gain confidence. The activities also promoted a sense of belonging, reduced anxiety, and familiarized students with the vibrant campus culture. Overall, the session created a positive and engaging start to the students' academic journey.

Yoga, Zumba, and Meditation

A special session on Yoga, Zumba, and Meditation was organized to promote physical fitness, mental well-being, and a healthy lifestyle among students.

The Yoga session introduced students to basic asana, pranayama, and relaxation techniques, highlighting the benefits of improved flexibility, strength, concentration, and stress management.

The Zumba session encouraged students to stay active through fun, energetic dance-based exercises, promoting fitness, coordination, and overall wellness.

The Meditation session focused on mindfulness and relaxation techniques to enhance mental clarity, emotional balance, and concentration. Students learned practical methods to manage stress and were encouraged to incorporate meditation into their daily routine for holistic well-being.

Orientation of Innovation Club and SSIP Cell

An orientation session on the Innovation Club and Student Startup and Innovation Policy (SSIP) Cell was conducted by Dr. Sunil Chakki, Professor, Department of Physics, Sardar Patel University. During the session, Dr. Chakki highlighted the importance of innovation, creativity, and entrepreneurship among students. He explained the objectives of the Innovation Club and the SSIP Cell, emphasizing the various opportunities available for students, including idea incubation, startup support, mentorship, funding assistance, and participation in innovation competitions. He encouraged students to develop innovative solutions to real-world problems and actively engage in research and entrepreneurial activities. The session inspired students to explore their potential and contribute towards building an innovation-driven ecosystem.

Motivational Talk by Dr. Ketaki Sheth

A motivational talk by Dr. Ketki Sheth (OSD, CVM) was organized to inspire and encourage students to develop a positive mindset, self-confidence, and resilience. During the session, Dr. Sheth shared valuable insights on setting meaningful goals, overcoming challenges, and maintaining a balanced approach towards personal and professional growth. She emphasized the importance of discipline, continuous learning, and believing in one's abilities. Through real-life examples and interactive discussions, she motivated students to remain focused, embrace opportunities, and strive for excellence in every aspect of life. The session was highly engaging and left the participants feeling inspired, confident, and motivated to achieve their aspirations.

Departmental Activities:

Each department organized a variety of interactive and engaging activities to help first-year students feel welcomed and become familiar with the department. Nutrition awareness, Printing, Fun games and team-building activities were conducted to encourage participation, communication, and cooperation among students. A quiz competition based on general knowledge, Home Science, and current affairs was also organized to enhance students' awareness and learning in an enjoyable manner. These activities promoted confidence, interaction, and a sense of belonging, creating a positive and motivating environment for the new students.

Talk on Digital security and Cyber security Awareness:

A Talk on Digital Security and Cyber Security Awareness was organized under the NSS Unit of the college by Mr. Mustakin Malek, Assistant Sub-Inspector (ASI), Cyber Crime Department, Anand. The session focused on creating awareness about cyber threats, safe online practices, digital privacy, and the importance of protecting personal and financial information. Mr. Malek shared practical tips on identifying cyber fraud, preventing online scams, securing digital accounts, and reporting cybercrimes. The interactive session helped participants understand the significance of cyber security in their daily lives and encouraged responsible and safe use of digital technologies.

Orientation Session with Parents:

An orientation programme was organized to introduce parents to the institution's academic system, campus facilities, rules, and student support services, encouraging active parent-institution collaboration. During the programme, Principal Dr. Bhavna Chauhan provided detailed information about Charutar Vidya Mandal (CVM), Sardar Patel University (SPU), and the college's history, functioning, academic traditions, and the numerous opportunities available for the holistic development of students.

Scholarships and Student Welfare Schemes:

Parents and students were briefed on available scholarships, financial aid, and welfare schemes, including eligibility, application procedures, and key benefits.

Parents' Feedback:

Parents shared their suggestions and feedback on the induction programme and institutional facilities, providing valuable inputs for continuous improvement.

Vote of Thanks

In keeping with the spirit of the Deeksharambh tradition, the Student Induction Programme was thoughtfully organized to warmly welcome the newly admitted students into the institution.

The programme concluded with a formal Vote of Thanks, expressing heartfelt gratitude to the

guest speakers, parents, and faculty members, supporting staff, Student council members and students for their valuable presence, active participation, and contributions to the successful completion of the induction programme.
