## Textiles and Clothing Department

### Internship Report of Academic Year 2025-26

Aligned with the vision of the National Education Policy (NEP) 2020, the Department of Textiles and Clothing conducted a 21-day (120-hour) internship for final-year students to promote experiential, skill-oriented, and multidisciplinary learning. The internship offered students valuable exposure to real-world practices in the textile, garment, fashion, and allied industries, enabling them to integrate classroom knowledge with professional experience. Through structured industrial training, students gained practical understanding of textile manufacturing, sustainable production, garment construction, quality assurance, industrial safety products, and boutique operations. The programme also strengthened their technical competencies, critical thinking, communication, teamwork, professional ethics, and employability skills, preparing them for higher education, entrepreneurship, and successful careers in the textile and apparel sector.

During the academic year 2025-26, the department collaborated with reputed organizations such as Mallcom Safety Private Limited (Ahmedabad), Revolve Green (Vadodara), Jyot's Couture Boutique (Vallabh Vidyanagar), Mafatlal Industries Limited (Nadiad), and Parth Textile (Vallabh Vidyanagar). These organizations represent diverse segments of the textile and apparel industry, ranging from large-scale textile manufacturing and sustainable production to industrial safety products and designer boutique services. The internship offered students comprehensive exposure to professional work environments, enabling them to develop technical competence, industry-specific skills, and professional confidence essential for successful careers in the textile and fashion sector.

Each student was assigned practical tasks and projects relevant to their respective organizations, enabling them to apply classroom knowledge in real industrial situations. Through these assignments, students enhanced their technical competence, analytical ability, creativity, and problem-solving skills. The internship also strengthened essential professional attributes such as communication, teamwork, punctuality, time management, adaptability, and workplace ethics. The industry mentors appreciated the enthusiasm, dedication, and learning attitude demonstrated by the students throughout the training period. The exposure to professional environments helped students develop confidence and gain a realistic understanding of career opportunities in the textile and fashion industry.

At the successful completion of the internship, all students received certificates from their respective organizations. The feedback received from industry partners was highly encouraging and acknowledged the students' discipline, adaptability, and professional approach. Overall, the internship proved to be a valuable learning experience, significantly enriching the students' practical knowledge and preparing them for successful careers in the textile, apparel, and fashion industry.

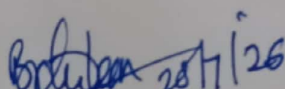

### List of Interns undergone for internship 2025-26

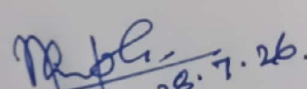

| Sr. No | Intern's name             | Industry/Organization/<br>Boutique | Start Date | End Date   |
|--------|---------------------------|------------------------------------|------------|------------|
| 1.     | Aamena Khalifa            | JYOT'S Couture                     | 6.11.2025  | 5.12.2025  |
